JSC ANTIPINSKY OIL REFINERY

Открытое акционерное общество « Антипинский НПЗ »

Tyumen Region • Russian Federation

FULL CORPORATE OFFER

— FCO —

Petroleum Products & Refined Hydrocarbons

DATE OF ISSUE	VALID UNTIL
18 APRIL 2026	**17 JULY 2026**

ADDRESSED TO ALL PROSPECTIVE BUYERS

STRICTLY PRIVATE & CONFIDENTIAL

FULL CORPORATE OFFER (FCO)

DATE 18TH APRIL 2026 • VALIDITY UNTIL 17TH JULY 2026

TERMS OF DELIVERY:

CIF — Any Safe World Port & FOB at loading port: ROTTERDAM, PRIMORSK, NOVOROSSIYSK, UST-LUGA, VLADIVOSTOK, KOZMINO or as advised by the Seller.

SUPPLY TYPE:

COMMODITIES — Petroleum Oils & Refined Hydrocarbon Products.

By presenting any order, proposal or business opportunity to JSC "Antipinsky Oil Refinery" (hereinafter referred to as Refinery — End-Seller Company), you agree to comply with the terms and conditions set for engagement in business with us, which include but are not limited to the thorough investigation of the source documentation prior to its submission to ensure it is legitimate, authentic and legal, and to attend the criteria of ethics in business. Therefore, the Buyer agrees to hold the Seller harmless of any wrongdoing related to the authenticity and legality of any and all documents presented to us, hereinafter referred to as "material".

SUPPLY OF PETROLEUM PRODUCTS

JSC « Antipinsky Oil Refinery » (Russian Federation), hereinafter referred to as the "Principal", represented by Mr. Valery Kuznetsov, Director of Petroleum Products Supplies & Logistics, acting in accordance with the Letter of Attorney No. RF-110/G, with full legal responsibility, hereby issues this Full Corporate Offer with the given terms and conditions as stated herein, to confirm our readiness to execute a Sales and Purchase Agreement with the ability to supply the following commodities according to the terms and conditions stipulated in this Soft / Full Corporate Offer.

DELIVERY, INSPECTION & PROCEDURE REFERENCE

ITEM	CONTENTS	DESCRIPTION
1.	**DELIVERY DURATION CIF**	SHIPMENT TIME 15 DAYS – 21 DAYS
2.	**DELIVERY DURATION FOB**	SHIPMENT TIME 2 DAYS – 3 DAYS
3.	**INSPECTION OF PRODUCT**	SGS OR EQUIVALENT INTERNATIONAL INSPECTOR
4.	**SPECIFICATION**	STANDARD INTERNATIONAL SPECIFICATION OR BUYER'S REQUEST
5.	**PROCEDURE NO. 1**	TTT — TANK-TO-TANK
6.	**PROCEDURE NO. 2**	FOB TANK-TO-VESSEL (TTV)
7.	**PROCEDURE NO. 3**	CIF EN590 — CHINA PORT
8.	**PROCEDURE NO. 4**	CIF — COST, INSURANCE & FREIGHT
9.	**PROCEDURE NO. 5**	STS — SHIP-TO-SHIP TRANSFER
10.	**PROCEDURE NO. 6**	TTM — FOB WITH TTM PROCEDURES (FACE-TO-FACE, MOSCOW)
11.	**PROCEDURE NO. 7**	VTT — VESSEL TANKER TAKE OVER

PROCEDURE NO. 1 — OPERATING PROCEDURES (FOB TTT)

Standard FOB Tank-to-Tank operating procedure — injection from Seller's shore tank into Buyer's nominated tank at the agreed loading port.

01	**ICPO & CIS**	Buyer submits ICPO with Company Information Sheet (CIS) and selects loading port (Jurong, Rotterdam, Houston, Fujairah, or Tanjung Bruas).
02	**Commercial Invoice (CI)**	Seller issues Commercial Invoice with product details, price, quantity, and delivery terms.
03	**CI Endorsement**	Buyer signs and returns the CI with company seal, making it legally binding.
04	**Proof of Product (POP)**	Seller provides the following documents: Tank Storage Receipt (TSR); Injection Report (IR); Certificate of Origin; Product Passport / Specifications; Authorization for TTT Operation; UDTA (Dip Test Authorization).
05	**Dip Test**	Buyer conducts dip test (or appoints an inspector) to verify quantity and quality. All costs are borne by the Buyer.
06	**Payment & Injection**	After successful dip test and payment, product is injected into Buyer's nominated tank. Title transfers upon completion of injection.
07	**Final Documents**	Seller releases Bill of Lading, Certificate of Origin, and full export documents.

PROCEDURE NO. 2 — FOB TANK-TO-VESSEL (TTV)

Standard FOB transaction procedure — loading from shore storage directly onto buyer's nominated vessel

01	**ICPO & Buyer Documents**	Buyer issues an Irrevocable Corporate Purchase Order (ICPO) addressed to Seller, together with: Buyer's Company Registration Certificate, Buyer's Corporate Profile, copy of authorized signatory passport, Buyer's banking details for verification purposes, and NCNDA/IMFPA duly signed by all involved parties.
02	**Draft CI & Working Procedures**	Seller issues to Buyer the Draft Commercial Invoice (CI) for the available quantity of product in tank, together with Seller's working procedures. Buyer signs and returns the Commercial Invoice as acceptance of the transaction terms.
03	**Partial POP Issuance**	Upon receipt of the signed CI, Seller issues the following Partial Proof of Product (POP) documents: Statement of Product Availability, Injection Report, Commitment to Supply, Tank Storage Receipt (TSR), Authorization to Verify (ATV) with the Tank Farm, Refinery Product Passport, Quality and Quantity Certificate, and Warehouse Receipt.
04	**POP Verification & Vessel Nomination**	Buyer verifies the POP documents with the Tank Farm / Terminal Operator. Upon successful verification, Buyer nominates its vessel and provides the Q88 Vessel Questionnaire, IMO number, vessel details and ETA to the loading terminal.
05	**Dip Test Authorization**	Seller issues Unconditional Dip Test Authorization (DTA) to Buyer and Buyer's appointed independent inspection company (SGS / Intertek / Bureau Veritas). Buyer may conduct Dip Test inspection at Buyer's cost to confirm product quantity and quality. All Tank Farm, terminal access, inspection services and operational charges required for the Dip Test shall be borne solely by the Buyer.
06	**Loading Window & TTV Injection**	Upon successful Dip Test confirmation, Seller schedules the loading window and coordinates Tank-to-Vessel (TTV) injection of the product into Buyer's nominated vessel.
07	**Payment**	Buyer makes full payment via MT103 wire transfer for the total value of the product after successful Dip Test and prior to or during loading, as mutually agreed. Payment shall include any applicable terminal handling charges and inspection costs.

08	**Title Transfer & Shipping Documents**	Upon confirmation of payment, Seller transfers title ownership of the product to Buyer and provides all relevant documentation, including: Bill of Lading, Certificate of Quantity, Certificate of Quality, Certificate of Origin, Ullage Report, Sample Receipt, Time Sheet, Cargo Manifest, and Master Receipt for Documents.
09	**Commission Settlement**	Buyer and Seller shall settle all intermediary commissions according to the signed NCNDA/IMFPA within 48 hours after receipt of payment.
10	**Optional 1-Year SPA**	Upon successful completion of the first lifting, Buyer and Seller may enter into a One (1) Year Sales and Purchase Agreement (SPA) with mutually agreed monthly liftings and delivery schedule.

PROCEDURE NO. 3 — CIF (GENERAL)

Delivered price including cost, insurance, and freight

01	**ICPO Issuance**	Buyer issues an Irrevocable Corporate Purchase Order (ICPO) including full banking details and company registration documents.
02	**Due Diligence & Draft Documents**	Seller conducts due diligence on the buyer and issues a draft Sales & Purchase Agreement (SPA) and Commercial Invoice (CI) for the buyer's review and signature.
03	**SPA/CI Execution & Escrow Agreement**	Both parties sign and seal the SPA and CI. A tri-party escrow agreement is then executed between Buyer, Seller and a mutually agreed licensed escrow agent (bank or regulated law firm), setting out the account details, documentary release conditions and the 50/50 split of escrow fees.
04	**Vessel Nomination & Full POP**	Seller nominates the vessel, provides the charter party agreement, and furnishes the full Proof of Product (POP) shipping documents: Bill of Lading, NBSF Quantity and Quality Report from the loading port, Certificate of Origin, and Vessel Details (Q88).
05	**30% Escrow Guarantee Deposit**	Against Seller's presentation of the vessel nomination and full POP/shipping documents, Buyer deposits thirty percent (30%) of the total contract value into the escrow account as a guarantee payment within five (5) banking days. Funds are irrevocable and held by the escrow agent, released only against the documentary triggers defined in the escrow agreement.
06	**Loading Completion & Escrow Release**	Upon completion of loading, Seller presents the final loading documents — Bill of Lading, NBSF Quantity and Quality Report and Certificate of Origin — to the escrow agent, who thereupon releases the 30% guarantee deposit to the Seller. The vessel sails to the designated discharge port and Seller provides regular ETA updates throughout the voyage.
07	**Discharge-Port SGS Inspection**	Upon vessel arrival, an SGS inspection is conducted at the buyer's expense to verify the discharged quantity and quality of the product.
08	**Discharge & MT103 Settlement**	Product is discharged into the buyer's storage facility. The remaining seventy percent (70%) of the contract value is paid via MT103/TT within 72 hours against presentation of the discharge inspection report and original shipping documents.

PROCEDURE NO. 4 — CIF EN590 — CHINA PORT PROCEDURE

Spot delivery of EN590 to a designated China port — full lifecycle from CI signing to monthly continuation

01	**Contract Signing**	Buyer and Seller mutually accept the working procedure. Both parties duly sign the Commercial Invoice (CI), confirming that the agreed transaction procedures form an integral and unchanged part of the CI.
02	**Seller Issues Partial PPOP Documents**	After CI signing, Seller provides Buyer with Partial Proof of Product: Export License, Certificate of Origin, Product Passport, Product Commitment Letter of Supply, and Availability Statement of Product.
03	**Buyer Prepares Funds and Notifies Seller**	Buyer prepares full payment and formally notifies Seller in writing, providing Proof of Funds (POF), Tank Storage Agreement (TSA), and Oil Tank Farm Company Information.
04	**Seller's Coordination with Buyer's Tank Farm**	Seller's freight forwarder and shipping agent contact Buyer's oil tank farm company to verify storage readiness and discharge coordination. Upon successful verification, the transaction proceeds.
05	**Docking and Initial Payment**	Seller arranges docking within 24 hours after vessel arrival at China Port and issuance of Full POP documents. Customs clearance and Notice of Entry are coordinated; Buyer remits 5% of total contract value as prepayment.
06	**Unloading and CIQ Testing**	Seller's vessel docks at the designated port terminal. Product is unloaded into Buyer's storage tanks. Buyer arranges CIQ (China Inspection and Quarantine) testing to verify quality and specification.
07	**Final Payment and Transfer of Ownership**	Upon successful CIQ inspection, Buyer transfers the remaining 95% of contract value in USD. Ownership transfers immediately on full payment. Buyer may lift the product without physical movement. Per NCNDA/IMFPA, Seller disburses commissions to all intermediaries within 24 hours of receiving full payment.
08	**Continuation of Supply**	Subsequent shipments continue on a monthly basis under the same SPA terms and conditions.

PROCEDURE NO. 5 — STS TRANSACTION PROCEDURE

Ship-to-Ship transfer at designated offshore or port location — full lifecycle from ICPO to long-term contract

01	**Buyer Submission (Initiation)**	Buyer issues an ICPO together with verification documents: company registration certificate, copy of authorized signatory's passport (data page), Buyer's CPA (Corporate Purchase Authorization), bank details and banker's contact information, signed NCNDA/IMFPA for intermediary protection, and written acceptance of Seller's STS operational procedure.
02	**Vessel Nomination & Approval**	Buyer nominates the vessel with full vessel details and laycan. Seller reviews and responds within 48 hours of receipt of CPA and vessel nomination, and shall not unreasonably reject a nomination. If rejected, Buyer nominates an alternative vessel within the agreed laycan window.
03	**Commercial Agreement & Invoice**	Seller issues a Commercial Invoice (CI) for Buyer's acceptance. Upon signature and mutual agreement of the CI, it becomes binding for execution of the STS operation.
04	**Pre-Transfer Coordination**	Buyer confirms the nominated vessel's ETA, full readiness for STS operation, and acceptance of port and operational coordination requirements. Seller then issues final operational clearance, including readiness confirmation for the STS transfer.
05	**Performance Guarantee**	Buyer provides a 10% Performance Guarantee (Standby instrument, blocked funds, or agreed equivalent). The guarantee is strictly for commitment assurance and operational readiness — it is not an advance payment — and remains valid until completion of the first lifting operation.
06	**STS Operation & Costs**	Seller is responsible for initial STS operational coordination and related costs. All verified STS-related costs are reimbursed by Buyer together with the product payment after successful transfer.
07	**Dip Test & Transfer**	A Dip Test is conducted jointly by both parties or appointed inspectors. Upon successful Dip Test confirmation, the STS transfer of product is executed into Buyer's nominated vessel.
08	**Payment Terms (Buyer's Option)**	Buyer settles payment via MT103 under one of two options — Option A: payment on vessel berthing and readiness, before injection; Option B: payment immediately after completion of product injection into Buyer's vessel. Payment includes the full

		product value plus approved STS operational costs (where applicable and validated).
09	**Title Transfer & Documentation**	Upon confirmed receipt of full payment, Seller transfers to Buyer: full title ownership of cargo, Bill of Lading, Certificate of Quantity, Certificate of Quality, Certificate of Origin, Ullage Report, Cargo Manifest, Time Sheet, and Master Receipt / operational release documents.
10	**Intermediary Settlement**	All intermediaries are paid in accordance with the signed NCNDA/IMFPA. Payment to intermediaries is completed within 48 hours after receipt of funds.
11	**Long-Term Contract Option**	Upon successful completion of the first lifting, both parties may proceed to sign a one-year renewable contract under mutually agreed terms.

PROCEDURE NO. 6 — TTM — FOB WITH TTM PROCEDURES (FACE-TO-FACE, MOSCOW)

Tank-to-Mother-Vessel with mandatory Moscow meeting

Location: Moscow, Russia — Seller Title Holder Administrative Office

01	**Seller's Initial Offer**	Seller issues to the Buyer the Full Corporate Offer (FCO) with TTM procedures, ICPO template, and Bank Comfort Letter (BCL) template.
02	**Buyer's Submission**	Buyer submits ICPO, Company Profile, copy of authorized signatory's passport, and latest BCL to JSC Antipinsky Oil Refinery, Attn: Mr. Valery Kuznetsov.
03	**Seller's Review & Draft Contract**	Seller validates the Buyer's documents and issues a Draft Sales and Purchase Agreement (SPA) within three (3) international banking days, together with Commitment to Supply, Statement of Product Availability, and Refinery Laboratory Test Report (GOST R Passport).
04	**Security Payment Arrangement**	Buyer deposits a USD 500,000 security payment with a mutually appointed legal representative (Transaction Controller). The deposit is not an advance payment; it is refunded upon successful completion of the transaction or released to the Seller in the event of Buyer's non-performance.
05	**Invitation Letter Issuance**	Upon confirmation of the security deposit, Seller issues an Official Invitation Letter approved by the Ministry of Internal Affairs of the Russian Federation for up to three (3) Buyer representatives.
06	**Travel Arrangements**	Buyer purchases round-trip flight tickets and books accommodation as per the Invitation Letter recommendations. Seller/Refinery may arrange local logistics and support.
07	**Arrival & Reception**	Seller (Title Holder) confirms Buyer's arrival and arranges airport reception in Moscow.
08	**TTM Meeting & Contract Execution**	Buyer representatives attend a face-to-face (TTM) meeting at the Seller's Administrative Office to execute the SPA, sign the Commercial Invoice (CI), and receive the full Proof of Product (POP) documentation.
09	**Dip Test & Logistics Submission**	Buyer conducts a Dip Test at the Seller's storage tanks (Buyer's cost, SGS or equivalent) and submits the Charter Party Agreement (CPA) or vessel/tank details.
10	**Initial Payment**	Upon successful Dip Test and verification of POP documents, Buyer issues 30% payment via MT103 / TT to the Seller's designated account.

11	**Product Injection / Loading**	Seller proceeds with product injection into Buyer's tank or loading onto the vessel. Buyer confirms receipt/loading and remits the remaining 70% balance payment.
12	**Commission Settlement**	Seller (Title Holder) settles all intermediary commissions as per agreed terms.

PROCEDURE NO. 7 — VTT (VESSEL TANKER TAKE OVER)

Vessel Tanker Take Over — direct injection from chartered vessel into Buyer's nominated tank storage facility

01	**ICPO Issuance**	Buyer issues an official Irrevocable Corporate Purchase Order (ICPO) accepting Seller's terms and procedures.
02	**Commercial Invoice & ATI**	Seller issues the Commercial Invoice (CI) for the product quantity onboard the vessel. Buyer signs, endorses, and returns the Commercial Invoice together with the Authorization to Inject (ATI).
03	**Proof of Product (POP)**	Seller provides the following Proof of Product (POP) documents to Buyer for verification: Q&Q Report at Loading Port; Certificate of Origin; Bill of Lading (BL); Ullage Report; Cargo Manifest; Vessel Q88.
04	**5% Initial Payment**	Upon successful verification of the POP documents and vessel position, Buyer makes payment of five percent (5%) of the total product value within forty-eight (48) hours via USDT (TRC20) or T/T MT103 to Seller's nominated fiduciary bank account.
05	**ATB & Dip Test Authorization**	Upon confirmation of receipt of the 5% payment, Seller issues the Authorization to Board the Vessel (ATB) and Dip Test Authorization (DTA). Thereafter, all shipping documents are re-issued in Buyer's name, and the vessel proceeds to Buyer's designated tank storage facility.
06	**95% Balance & Injection**	Buyer pays the remaining ninety-five percent (95%) balance of the total product value after successful CIQ/SGS or equivalent inspection via USDT (TRC20) or T/T MT103. Injection into Buyer's tank storage commences, and title ownership of the product is officially transferred to Buyer.
07	**Commission Settlement**	Seller pays commissions to all intermediaries and authorized parties as stipulated in the signed NCNDA/IMFPA within seventy-two (72) hours after completion of the transaction.

PRODUCT OFFER 1 *— Antipinsky Refinery*

STRAIGHT-RUN NAPHTHA

INTERNATIONAL SPEC	GOST 8505 / Naphtha — Sulphur ≤ 0.05%, RON ≥ 65
ORIGIN	RUSSIA / KAZAKHSTAN
CIF ASWP — GROSS / NET	USD 448 / 441.28 PER MT
FOB — GROSS / NET	USD 429 / 423.63 PER MT
MARKET REFERENCE	USD 560 PER MT
CONTRACT QUANTITY (MIN)	30,000 MT / MONTH
CONTRACT QUANTITY (MAX)	200,000 MT / MONTH WITH R&E INTO YEARLY CONTRACT
CONTRACT LENGTH	12 MONTHS WITH ROLL & EXTENSION (R&E)
FOR CIF DESTINATION	ANY SAFE WORLD PORT OR SHIP-TO-SHIP INTERNATIONAL WATER
FOR FOB DESTINATION	PRIMORSK / UST-LUGA
LOADING PORT / PACKING	PRIMORSK — IN BULK VIA TANKER / VESSEL
INSPECTION	SGS OR EQUIVALENT — AT BUYER'S COST
COMMISSION	USD 6 PER MT (0.75% + 0.75%) — SPLIT EQUALLY
BUYER'S COMMITMENT	OFFICIAL ICPO + SCAN PASSPORT + COMPANY PROFILE + LATEST BCL
GUARANTEE PAYMENT (CIF)	SWIFT MT700 DLC or MT760 SBLC/BG or MT103/TT
GUARANTEE PAYMENT (FOB)	SWIFT MT700 DLC or MT760 SBLC/BG or MT103/TT or TSA/TSR or CPA/Q88
TOP APPLICATIONS	1. Petrochemical feedstock • 2. Gasoline blending • 3. Steam cracker feed

Indicative pricing, valid 90 days, subject to market conditions and final SPA negotiation.

PRODUCT OFFER 2 *— Antipinsky Refinery*

HEAVY NAPHTHA (REFORMING FEED)

INTERNATIONAL SPEC	TU / Heavy Naphtha — IBP 90°C / FBP 180°C
ORIGIN	RUSSIA / KAZAKHSTAN
